

For Better Health, Drink Health Water!

Diamond Energy Water System
Transforms tap water into cleaner, safer health water
that our body can readily absorb!
Promotes metabolism and gets rid of toxins!

Water Is Health

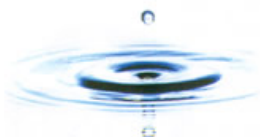

Water is the basis of life. Almost two-thirds of the human body is made up of water. Water plays two major roles in human metabolism; it delivers oxygen and nutrients throughout the body, and flushes out toxins produced during the metabolic process.

That's why insufficient water intake can result in inefficient delivery of nutrients, poor toxin elimination, and lower immunity, leaving us prone to illness. Doctors recommend a daily intake of at least 8 glasses of water to facilitate metabolic processes and ensure proper organ function for optimal health.

What Health Water Is :

- Pure, clean, and safe water that's free from heavy metals, chemicals, pollutants and bacteria.
- Water containing essential minerals and high levels of oxygen that are not only beneficial to health but also give water a smooth, pleasant taste.
- Water with smaller water molecule clusters that are more easily absorbed by cells, thus promoting metabolism and effective detoxification.

Toxins : A Daily Health Hazard

Our environment is polluted. The food, water and air we take in every day contain elements that are a threat to our health.

The junk food we consume is filled with preservatives, and artificial additives and colourings. Vegetables and fruits are contaminated with pesticides and chemical fertilizers. Our meat is tainted with growth hormones and antibiotics; our seafood, with heavy metals. Even the air we breathe contains poisonous fumes from vehicles and industrial discharges.

As these harmful substances accumulate, so we become more susceptible to many so-called modern diseases.

Many world-renowned medical doctors like Dr. Hayashi Hidemitsu and Dr. Bernard Jensen have pointed out: to stay healthy, we have to stop taking in food and drinks that contain toxins; meanwhile, we should drink lots of good water to thoroughly cleanse our bodies and flush out toxins.

But the fact is, we cannot stop breathing, eating or drinking, so it's impossible to prevent toxins from invading our bodies. That's why detoxification is increasingly popular.

Health Water : For Effective Detoxification

Drinking adequate water is the natural way to detoxify our bodies. Consuming good quality water that we can more readily absorb enhances both the transfer of nutrients and waste elimination, making us stronger and healthier.

Energy Conversion : The Secret To Health Water

It has taken scientists and doctors in Japan 30 years of research to discover the true nature of health water, and thus one key to optimal health. They have successfully developed Energy Conversion technology, which effectively breaks water molecule clusters into smaller clusters, making it easier for our bodies to absorb them. This form of drinking water has a wide appeal in Japan. Its health benefits have attracted much attention.

Diamond Energy Water System adopts cutting-edge Energy Conversion technology to effectively break down water molecule clusters, thus transforming ordinary water into Health Water that's rich in oxygen, contains essential minerals, and is easier for our bodies to absorb. Health Water is the answer to our fundamental health needs.

**Diamond Energy Water System has a patented 6 - filter design.
Each filter has a designated function :**

Pure and Safe Water Straight from the Tap

Filter A :

The world's best impregnated ceramic filter, which has been awarded NSF Certification, thoroughly removes bacteria and impurities like dirt, silt and rust.

Filter B :

NSF certified activated carbon removes unpleasant odours and colours, while natural mineral stones regulate mineral content.

Filter C :

Composed of NSF Certified Grade A activated carbon and a KDF metal ion converter (meeting standards stipulated by the FDA and EPA of the United States). This filter thoroughly removes heavy metals, chlorine, and other chemical contaminants.

Easier to Absorb for Better Health

Filter D :

The CE 2000 PI Energy Conversion technology of Japan effectively breaks water molecules into the smallest possible clusters, making it easier for our body to absorb. It also increases the dissolved oxygen content in the water.

Filter E :

A high-tech ID 2 energy stabilizer stabilizes energy in the water to keep water molecule clusters at the smallest size for a prolonged period of time.

Filter F :

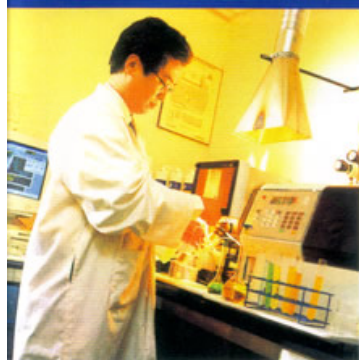

High-density NSF certified activated carbon combined with natural magnetic stones help balance the water to a mild alkaline level and increase the number of calcium ions to further enhance health.

Not Just Water, the Health Water

- Pure and safe, exceeding the guidelines for drinking water quality stipulated by the World Health Organisation!
- Effectively eliminates chlorine and its health-threatening by-products in tap water!
- Suitable for direct consumption!
- Contains essential minerals, with a smoother and more pleasant taste!
- Easily absorbed by our body to enhance metabolism!
- Removes accumulated toxins and improves health!

Tried & Tested By The World's Best

Diamond Energy Water System has undergone stringent testing at various world-renowned laboratories and research institutes. The results are astounding.

Test Conclusions

Contamination Removal

Used to treat water with contamination at least 100 times above normal levels, Diamond Energy Water System removed over 99% of heavy metals and chlorine while thoroughly eliminating harmful E.coli bacteria. It also readjusted the highly acidic nature of the water to a mild alkaline balance more suited to the human body. The filtration efficiency has yet to be matched by other water systems.

Radioactive Substance Removal

Tap water with radioactive contaminants exceeding 36 times the safety level was filtered through the system. Over 98% of contaminants were removed, surpassing the most stringent international guidelines.

Pesticide Removal

Over 99% of chemical residue was removed from vegetables sprayed with pesticides at over 20 times the safety level when soaked in Diamond Energy Water. This is 40 times more effective than ordinary tap water.

Molecule Cluster Size

Nuclear magnetic resonance analysis conducted by internationally-acclaimed PROBE Analytical Australia proved that Diamond Energy Water's molecule clusters are at least 50% smaller than those of tap water. No other water system comes close.

Large water molecule clusters are broken down into smaller clusters for easier absorption.

The above results confirm that :

1. Diamond Energy Water System's filtration functions dramatically improve water quality, exceeding even the guidelines stipulated by the World Health Organisation, and
2. It effectively reduces water molecule clusters to a smaller size.

Enhancing Your Quality of Life

Apart from improving metabolism, facilitating toxin removal and strengthening immunity, Diamond Energy Water System also helps make everyday life more convenient !

Fresher, healthier plants !

Flowers bloom longer and plants look greener with Diamond Energy Water.

No more pesticides !

For pesticide-free vegetables and fruits that will stay fresh and crunchy longer, wash and soak them in Diamond Energy Water for 30 minutes.

Soften dried food faster !

Reduce the time it takes to prepare dried food such as Chinese mushrooms, white fungi and scallops for cooking by soaking them in Diamond Energy Water.

Wash away fishy smells !

Wash seafood with Diamond Energy Water to remove unpleasant smells, bring out natural flavour and keep them fresh longer.

Protect against scalding !

Wet your hands with Diamond Energy Water and then dry them before cooking. Diamond Energy Water helps to form a protective layer of moisture under your skin, minimizing damage from splashing oil or other cooking liquids.

A Winner In Every Way !

MINUMLAH
YANG TERBAIK!
要喝就喝最好的!

nep PETROBRAS KELOMPOK PETALAS AIR
NEP HOLDINGS (MALAYSIA) BHD

Today, NEP Holdings (Malaysia) Berhad is among Asia's largest multi-national Health Water companies, with branch offices in Singapore and Hong Kong.

NEP headquarters in Malaysia spans over 30,000 square feet. Its Research and Development Department, with its own laboratory, practices stringent quality control and handles new product development. Two warehouses with a total area of 20,000 square feet are responsible for the logistics of supply for our international distribution network covering Malaysia, Hong Kong, Australia, Indonesia, Thailand and Brunei.

Our quality and professionalism has won us numerous accolades from prestigious international Certification organizations and competitions. These include :

- NSF Certification
- United States Water Quality Association (WQA) :
 - Gold Seal
- 29th International Exhibition of Inventions, New Techniques and Products in Geneva :
 - Gold Medal in the Health Products Category
 - Special Jury Award
- Brussels Euraka 51st World Exhibition of Innovation, Research and New Technology 2002 :
 - Gold Medal, Daily Utilities Category
 - Special Jury Award
- 3rd Global Golden Rim Awards :
 - Global Triumphant Enterprise
 - Global Quality Assurance Product

Guaranteeing Better Health

Because installing a Health Water system is a long-term investment for your family's health, it's important to choose only the best. Diamond Energy Water System offers you guaranteed quality and the best after-sales service available.

30 day money-back guarantee

If, for any reason, you are unhappy with your Diamond Energy Water System, return it to us within 30 days and you'll be given a full refund. That's how confident we are of our product.

After Sales Service

Trained personnel will attend to your needs from 9am - 9pm (Sunday 9am - 3pm) 7 days a week. Call us whenever you have problems or questions. Should you need maintenance services, we will ensure that a technician is sent within 24 hours.

Choose the Best. Choose Diamond Energy Water

According to research by independent market research company Asia Market Intelligence Ltd., Diamond Energy Water is the most preferred Health Water system available!

Choose the Most Popular Brand!

Diamond Energy Water System is the best received Health Water in the market, surpassing all other competitive brands!

Choose the Most Satisfying Product!

90% of our users express complete satisfaction, citing cleanliness, safety and the health benefits of Diamond Energy Water as the main reasons.

Choose Health. Choose Life. Choose Now

The scientists prove it. The experts approve it. Our customers love it. Now isn't it time you took a step towards a healthier life?

Get Diamond Energy Water System today.
Not just water, The health water.
